Open living makes this home easy to move through, with 3 bedrooms, 2 baths, and a 2-car garage across 1700 square feet. The primary closet doubles as a storm shelter, built right into the layout for peace of mind. Outside, a large shed stays with the property, ready for storage, tools, or a workshop. The location keeps you close to both the middle and high school, cutting down on drive time. The open floor plan does the work of making the space feel bigger than its footprint, and the added storm shelter is the kind of detail that's easy to overlook until you need it. All this with no special taxes!
